

QUERYSAFE EDUCATION

Free AI access for students.

Learn AI. Use AI. Build with AI.

A free education initiative that helps students become better AI users, with free tools, leaderboards, a campus ambassador program and goodies.

Free for students. Free for universities.

education.querysafe.ai

FREE

Your student journey

- 01 Learn**
Prompting, research, coding, data
- 02 Practice**
Prompt Lab and AI Playground
- 03 Compete**
Challenges and leaderboards
- 04 Earn**
Certificates, badges and goodies

PURPOSE

Built for students and universities.

Free for students and free for universities. No licenses, no fees.

01 • STUDENTS

What students get

- ✓ Free access to practical AI tools
- ✓ Short, practical learning paths
- ✓ Leaderboards, challenges and hackathons
- ✓ Campus ambassador program
- ✓ Goodies, certificates and badges

02 • UNIVERSITIES

What universities get

- ✓ A ready AI-readiness program at no cost
- ✓ No student software license to purchase
- ✓ AI literacy workshops and faculty sessions
- ✓ An active student AI community on campus
- ✓ Participation insights for the institution

One free destination for students to learn and practice AI.

Keep the experience simple: Learn → Practice → Build → Certify.

01

Learn.

Short practical learning paths for prompting, research, coding, data, agents and responsible AI.

02

Practice.

Prompt Lab and AI Playground for improving prompts and understanding task complexity.

03

Build.

Projects and challenges that turn AI concepts into practical skills.

04

Certify.

Skill scores, badges and verifiable learning recognition.

FREE TOOL ACCESS

Free AI tools for everyday student work.

Students use the free tools alongside the AI platforms they already prefer.

STEP 01

Student has a task

Research, coding, assignments, projects, presentations or productivity.

STEP 02

The tools guide

Improve the prompt, understand complexity and learn what level of AI the task needs.

STEP 03

Student continues

Use the improved approach with ChatGPT, Claude, Gemini or any AI platform they prefer.

Free for every eligible student. No license, no cost.

Recognition, community and rewards for every student.

Students who learn, compete and lead get something to show for it.

Leaderboards

Campus and inter-university rankings for prompt battles, challenges and hackathons.

Campus Ambassadors

Student leaders who build and run the AI community on their campus.

Goodies

Merchandise and rewards for top performers, ambassadors and challenge winners.

Certificates

Verifiable certificates and badges to share on LinkedIn and résumés.

AI Skill Score

A clear measure of each student's practical AI ability.

Student leaders who build the AI community on campus.

THE ROLE

What ambassadors do

- ✓ Run AI workshops and study circles with peers
- ✓ Organize prompt battles and campus challenges
- ✓ Help classmates sign up and get started
- ✓ Share feedback that shapes the platform

THE REWARDS

What ambassadors get

- ✓ Exclusive ambassador goodies
- ✓ Certificate of recognition
- ✓ Leadership and event experience
- ✓ A featured spot on the campus leaderboard

UNIVERSITY PARTNERSHIP

Give institutions a program worth sharing with students.

AI literacy and student opportunity, at no cost to the institution.

Free tool access

Eligible students get free access to every learning tool.

AI literacy workshop

Practical sessions on prompting, model selection, verification and responsible AI.

Faculty enablement

Optional sessions showing practical academic and research workflows.

Campus ambassadors

Student leaders build an active AI community, with goodies and recognition.

Challenges

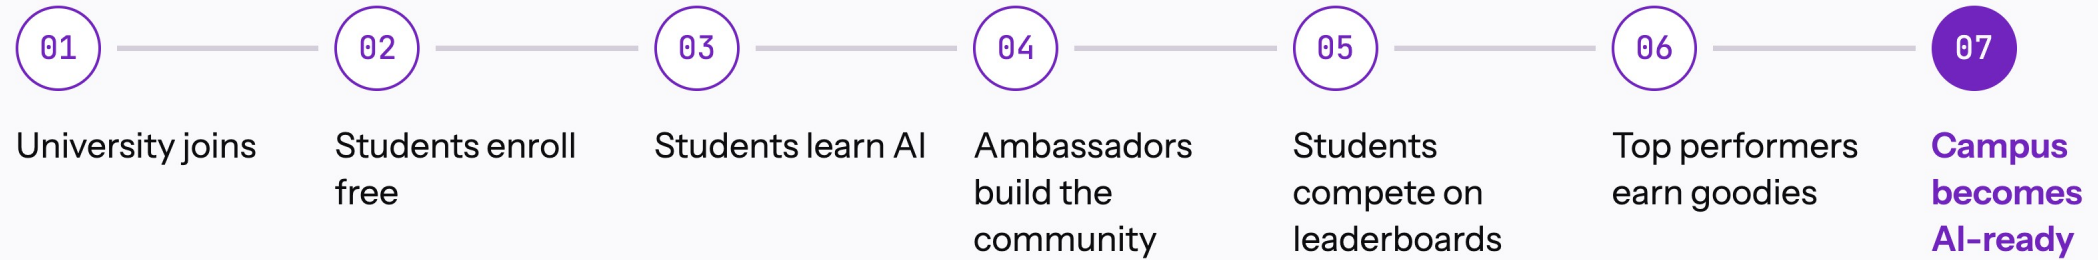

Prompt battles, AI challenges, hackathons and university leaderboards.

Participation insights

Aggregated adoption and learning activity for participating institutions.

Every step adds value for students and the campus.

The program grows because it is useful to students, not because anyone is sold to.

WHAT LAUNCHES FIRST

A focused first version, built around student engagement.

Launch lean, then grow with what students actually use.

✓ Student signup + university verification

✓ 3 practical learning paths

✓ Free AI tool access

✓ Prompt Lab

✓ Certificates and badges

✓ Student dashboard

✓ Quizzes + AI Skill Score

✓ Leaderboards

✓ Campus ambassador program

✓ University enrollment page

Make AI education accessible. Free for every student. Valuable for every campus.

Free tools, practical skills, leaderboards, a campus ambassador program and goodies.
